

I must express my deepest, strongest, most sincere displeasure at the notions of media deregulation that have been proposed and will surely be enacted by the FCC. I know that this is only part of an overall trend of consolodation in societies most powerful and influential institutions. I know the agenda of the FCC, as an offshoot of Federal Governmentation, is not to serve the best interest of the public and that is a shame, because it should be the first, foremost and only priority. Michael Powell, you and your constituents are a disgrace to humanity. A sad day this is indeed. I love you anyway.
